

Quality Policy

Kandou specialises in the design, development and provision of semiconductors, focusing on innovations that reduce energy consumption and enhance the speed of electronic devices.

With highly skilled engineering and management teams, Kandou delivers advanced technology products to esteemed customers. We maintain constructive, accountable relationships with our suppliers, who manufacture the quality product developed, specified and controlled by Kandou.

Kandou's policy ensures that products meet customer requirements while adhering to all relevant statutory codes and standards.

Kandou is dedicated to implement and continuously improve its quality management system, based on ISO 9001 QMS standard, and to ensure consideration of quality in all its activities.

Kandou is committed to continuously improving its Quality Management System and fostering a culture of quality across all operations, focusing on:

- Delivering cutting-edge technological solutions through relentless innovation
- Promoting quality awareness among employees and contractors
- Enhancing customer satisfaction.

The CEO will strive to ensure that this policy is understood, implemented and maintained throughout the organization.
